**The more you know,
the better it sounds.**

*"Two years ago,
I didn't need any
prescriptions.
Last year, I spent
\$1,500 on them."*

"You never know."

The sooner you sign up for Medicare Prescription Drug Coverage, the sooner you start saving. And the sooner you're protected against sudden, catastrophic drug costs. To gather information and compare different drug plans, go to www.medicare.gov, call 1-800-MEDICARE, or call on a friend or family member. Especially if they've already picked a plan themselves. To avoid a penalty, sign up by May 15.
